

FIFE COMPANY IN RUNNING FOR TOP BUSINESS AWARD

An innovative Fife business will line up alongside some of the UK's most successful companies as it competes for a top accolade.

The Great Turf Company, which is based in Belleknowes, Inverkeithing, won Scotland's Most Promising New Business Award, sponsored by BT Business.

The business - which is the commercial arm of the Great Lawn Company, provides households with lawn treatment services based on natural products is now a finalist in its category for the UK title in the Chamber Awards hosted by the British Chambers of Commerce, which were created to celebrate the UK's most successful businesses.

John Longworth, Director General of the British Chambers of Commerce, said: "The health of the UK's economy relies upon the confidence of our businesses to grow, invest and create jobs. That's why the British Chambers of Commerce has been working hard to ensure government makes good on its promises to encourage enterprise, and do everything in its power to help businesses grow.

"All the good things we want to see in society depend on business and wealth creation. These awards provide a snapshot of some of the most impressive companies from across the country. Many of these business owners are working day in day out to build upon the companies they have built from scratch, creating jobs in local communities, and contributing to the economic recovery we so desperately need. We're delighted to be able to celebrate the success of these companies through the Chamber Awards."

Since launching just nine months ago, The Great Turf Company has grown its turnover from zero to £200k. It has achieved this by developing a dealer network across the UK and Europe, by launching its products in Norway and Germany and by securing contracts with leading football pitches and golf courses.

And the company has big ambitions for the future with plans to break into more international markets and develop new natural products. For example, it is currently testing a new 100% natural water treatment to increase biodiversity in ponds on golf courses and amenity areas that could prevent and cure the problem of algae.

Having won the main award in Scotland, the company now hopes to pick up the UK title in its category. It also has the chance to collect the **Award for Outstanding Business Achievement** - with a top prize of **£25,000** and runner up prizes of **£15,000** and **£10,000**.

There are nine categories, backed by high profile sponsors including RBS and NatWest, BT Business, BT Directories, Dell, DHL Express, the British Standards Institution (BSI), AXA PPP healthcare and Westfield Health. The national winners will be announced at a ceremony at London's Grand Connaught Rooms on November 24th 2011.
