

MALVERN BUSINESS IN RUNNING FOR TOP BUSINESS AWARD

A world leading Malvern scientific instrumentation firm will line up alongside some of the country's most successful companies as it competes for two leading national awards.

Malvern Instruments Ltd was crowned the West Midlands' Business of the Year, sponsored by Westfield Health, and it also picked up the regional award for Achievement in International Business, sponsored by DHL Express.

The Enigma Business Park-based company is now a finalist in its category for the UK title in the Chamber Awards hosted by the British Chambers of Commerce, which were created to celebrate the UK's most successful businesses.

John Longworth, Director General of the British Chambers of Commerce, said: "The health of the UK's economy relies upon the confidence of our businesses to grow, invest and create jobs. That's why the British Chambers of Commerce has been working hard to ensure government makes good on its promises to encourage enterprise, and do everything in its power to help businesses grow.

"All the good things we want to see in society depend on business and wealth creation. These awards provide a snapshot of some of the most impressive companies from across the country. Many of these business owners are working day in day out to build upon the companies they have built from scratch, creating jobs in local communities, and contributing to the economic recovery we so desperately need. We're delighted to be able to celebrate the success of these companies through the Chamber Awards."

Malvern Instruments designs and manufactures particle size analysis tools and other scientific instrumentation used in industry in such fields as nanotechnology and pharmaceuticals. The company has grown from a business that employed 180 people to one that now employs 630 people - 400 of whom are based outside the UK.

Earlier this year the firm picked up a prestigious Queen's Award - the seventh in the company's history.

Having won the regional awards, Malvern Instruments is now in the running for the national title in both categories, as well as the chance to collect the **Award for Outstanding Business Achievement** - with a top prize of **£25,000** and runner up prizes of **£15,000** and **£10,000**.
